Eco-Initiatives Form \$100 to \$500

Name: [REDACTED]
Date: September 5 th , 2015
[REDACTED]
Club or Group Affiliation: UBCC350
Amount Requested: \$250
TREASURER USE ONLY:
Approved Modified Denied
Submitted as of:
Notes:

1. Describe your project and its purpose (approximately 200 words)?

UBCC350 is planning on holding a Movie Night on September 24th, as a welcome to new members and an invitation for collaboration with other environmental groups on campus. We think that with so many environmental groups on campus, who all have the same end goal, we should be working together particularly before the election. At this event, we hope to have representatives from several groups on campus attend so we can formally invite them to our Vancouver-Quadra Candidate's Climate Debate, held in October. At the Debate, attendees will be listening to candidates address environmental policy, to see which major political party aligns with how they want to see climate change addressed in their government.

Your funding would be used for providing food and strategizing materials. Snacks and coffee/tea would be provided during the movie,

and we will also need money for brainstorming materials to see what each group wants discussed at the debate and how they want to be represented.

2. Outline how your project pertains to the environment and sustainability at UBC (approximately 200 words)?

One of UBCC350's main goals in the upcoming months is to get students to not only vote in the upcoming election, but to vote for the climate. It is a difficult task to reach out to 60,000 students, and so we want to work with other environmental groups on campus to encourage students to vote. We will discuss what they would like to see our Debate event, see if any of them want to give presentations in addition to the speeches several professors will be giving about climate and policy, ask these groups to participate in the interactive portion of the Debate and more. Brainstorming about getting students to vote and vote for the environment is the main priority. The movie we show will also have an environmental/political theme (most likely Directly Affected). Our food will all be sustainably sourced, and we will likely be purchasing from Sprouts as we have done for our previous events.

If any further explanation is needed, we would be happy to have a representative come to one of your meetings and explain things further!

3. Are you pursuing any other sources of funding? If so, what sources, and for what amount? (SEC Treasurers can help you identify other sources of funding.)

For this event, we are only pursuing funding from SEC.

4. What aspects of your project (purchases, bookings) will SEC funding be used for? Please outline the specific allocation of funds as much as possible.

Brainstorming Materials (flip charts, markers etc.): \$50 (to be used for future events also)

Coffee/Tea: \$30

Snacks: \$120

Eco-friendly, compostable cups and plates: \$50

A note about Eco-Initiatives Grants

If your project is approved, the SEC will reimburse you for the purchases made. You must provide the SEC with proof-of-purchase. If you have any questions regarding the Eco-Initiatives Funding, please contact SEC Treasurers. Arrangements can be made to provide students with funding before purchasing if they cannot afford to make the purchase for their project and then receive compensation. Reimbursement usually takes about 5 business days. Eco-Initiatives Grants can fund a wide variety of projects; any projects related to the environment or sustainability, and involving members of the UBC student body, will be considered. However, requests for funding for projects undertaken as part of coursework at UBC, or individual volunteer projects, must illustrate a connection to the wider student body at UBC.

Completed forms should be emailed to enviro@ams.ubc.ca. Alternatively, we welcome you to drop your form off at our office, Room 245B of UBC's Student Union Building. The Treasurers and other active members of the SEC would love to help you formulate your project, and will be glad to assist with the project's development and applications for funding.
