Submitted as of:

Notes:

1. Describe your project and its purpose (approximately 200 words)?

We are hosting our second annual LIVERight Tonight event on November 27th, 2014. The evening will consist of patients, doctors and people who have been affected by a liver disease. It will be a night filled with eye-opening presentations and amazing people. This will be a networking event with healthcare professionals.

2. Outline how your project pertains to the environment and sustainability at UBC (approximately 200 words)?

We are planning on providing light refreshments to attendees and by providing them with sustainably grown, local food, we can do our part in helping out the Earth. Also, as a thank-you gift to the presenters, we are planning on giving them a little bundle of gifts - such as: organic chocolate and a gift card to vegetarian restaurants. There will be four speakers (currently planned) and will be serving approximately 50 people.

3. Are you pursuing any other sources of funding? If so, what sources, and for what amount? (SEC Treasurers can help you identify other sources of funding.)

No, we are not pursuing other sources of funding.

4. What aspects of your project (purchases, bookings) will SEC funding be used for? Please outline the specific allocation of funds as much as possible.

The SEC funding will be used to provide light refreshments in biodegradable or recyclable cups and buy gifts for the presenters. Specifically, we are planning on buying each presenter a box of organic chocolate, a flower (from Olla Urban Flower Project) and a \$50 gift card to Aphrodite's.

A note about Eco-Initiatives Grants

If your project is approved, the SEC will reimburse you for the purchases made. You must provide the SEC with proof-of-purchase. If you have any questions regarding the Eco-Initiatives Funding, please contact SEC Treasurers*. Arrangements can be made to provide students with funding before purchasing if they cannot afford to make the purchase for their project and then receive compensation. Reimbursement usually takes about 5 business days. Eco-Initiatives Grants can fund a wide variety of projects; any projects related to the environment or sustainability, and involving members of the UBC student body, will be considered. However, requests for funding for projects undertaken as part of coursework at UBC, or individual volunteer projects, must illustrate a connection to the wider student body at UBC.

Completed forms should be emailed to enviro@ams.ubc.ca. Alternatively, we welcome you to drop your form off at our office, Room 245B of UBC's Student Union Building. The Treasurers and other active members of the SEC would love to help you formulate your project, and will be glad to assist with the project's development and applications for funding.
