Meeting Minutes

1. Check-in & agenda

2. Funding proposal: Pandora Park Garden Green Shed

- Because the Green Shed project lacked a link/direct benefits to the UBC Community, SEC could not approve this funding proposal.

- As this is a great project that benefits the existing community garden in Hastings-Sunrise immensely, we have invited the Pandora Park Community Garden members to resubmit the proposal and include a way for UBC students to directly participate in or benefit from the project!

3. PowerShift 2012 / Defend Our Coast

- **PowerShift** is a conference aimed at building tomorrow's leaders for the global issues surrounding climate change and resource usage.

- held from October 26th to 29th in Ottawa, Ontario

- Interested? [Register here](#) before the 14th!

- [Schedule and information!](#)

- **Defend Our Coasts** is a day of civil disobedience, a mass sit-in to protest against development of tar sands pipelines leading to BC's coast.

- Volunteer meetings every Thursday from 7 – 9pm, 111 West Hastings, upstairs

4. **No Paper Towels Week:** see "Current Projects" box above!

5. Community Garden Initiative

- Ivan, one of our Events Coordinators, will email interested members about setting up a meeting time to help make this project happen! Are you interested? Let us know at enviro@ams.ubc.ca and we'll forward your email to him!

6. Other projects and events

- *Discussion groups*

Interested in facilitating a discussion group around environmental news and issues of the day? We'd love to have you to host Green Tea discussion groups! Email us at enviro@ams.ubc.ca for more details!

- *Advertising our resources/funding*

We are looking into ways to get the word out about our resources in an accessible and environmentally friendly way. Online infographics, ad space in the Ubyyssey, short videos, almost everything is an option! If you'd like to help us spread the word about funding and other resources offered by SEC, send us an email with your ideas at enviro@ams.ubc.ca!

- *Improving the website*

We need to get the website up to date and user friendly as soon as possible! Expect to see light-to-heavy improvements in the next couple of weeks!

7. Adjourning of the meeting
